#### **Information about the Evening**

**La Riojana** is the world's largest producer of organic Fairtrade wines, with over 3 million litres certified annually. Patricio Angonoa will lead the wine-tasting and will talk about the real impact of Fairtrade on the town of Chilecito in northern Argentina, where farmers now benefit from clean drinking water, a school and a clinic as well as technical assistance, access to credit and a guaranteed fair price for their grapes.

**Afghan Action** opened a training school in Kabul in 2005 and since then has provided 350 young men and women with education and training in traditional carpet-making, employing over 100 of them in its ethical factory. The beautiful, unique carpets they weave are available to buy tonight and Chris Beales, founder of Afghan Action, will talk about his vision for Afghan Action and its role in re-building Afghanistan.
